

HAPPYLIGHT HALO THERAPY LAMP

[Click here for User Manual](#)

Kit includes:

- Base
- Lamp
- Charging cable and adapter
- User Manual
- Storage box

Light therapy has been proven help with relaxation, focus, and revitalization. This is especially crucial during the long winter months, or when we can't get enough natural sunlight regularly. If you are in need of some sunshine, stop by the library! You can grab a good book, sit back in one of our very comfortable chairs, and enjoy our Therapy Lamp.

Please note, this item is for library use only and is available for a one-hour check out.
